

G Series Battery

Hot Swappable Battery

Technical Specifications

Rated Capacity	4700mAh
Nominal Voltage	14.4V
Charge Voltage	16.8V
Operating Temperature	0-45°C
Storage Specifications	-20°C to +45°C @ 80% humidity, non-condensing up to 3 months before recharging. Cybernet recommends recharging the battery every 3 months in storage, not to exceed 6 months before recharging
Cycle Life	300 cycles to ≥80% of original full capacity (1 cycle = 1 full charge and 1 full discharge)
Wh Rating	69.38Wh
Weight	0.81 lbs 367.5g
Dimensions	133.48mm x 88.60mm x 25.20mm (L x W x H)
Over-charge Protection	Yes
Over-current Protection	Yes
Over-discharge Protection	Yes
Over-Temperature Protection	Yes
Multi-LED Charge Indicator	Yes, 1 LED = 20%, 2 LED = 40%, 3 LED = 60%, 4 LED = 80%, 5 LED = 100%
Warranty	1 Year Standard
Maintenance Schedule	Cybernet strongly recommends replacing every 2 years
